DIE UNABHÄNGIGE WOCHENZEITUNG FÜR ELEKTRONIK

Elektronik

Elektronik automotive

Elektronik •medical

<p>Every week, the independent weekly newspaper for electronics provides cross-media and up-to-date reports on market developments, technology trends, innovations, management, new products and background information in the electronics industry. Clear headings, comprehensive market overviews and focus reports provide a reliable overview of all important areas of electronics.</p>	<p>The technical publication Elektronik provides cross-media information on solutions and components for electronics professionals, with technology and trade fair issues. With its coverage of "hot" topics from research to technology implementation, rounded off by relevant economic and trend coverage, Elektronik is the perfect source of information for electronics developers and technical management.</p>	<p>The technical publication Elektronik automotive provides information on solutions and components for professional automotive electronics developers. The four "hot" industry topics of autonomous driving, connected car, electromobility and services / shared mobility from research to technology implementation are rounded off by relevant economic and trend editorial coverage.</p>	<p>Far beyond pure product reporting, the specialist medium Elektronik medical provides valuable knowledge on all aspects of medical technology, with detailed specialized articles ranging from the basics to applications. The focus is on the manufacture of the devices as well as their use on patients.</p>
<p>Markt&Technik reaches management, purchasers and development managers in companies that incorporate electronic components/assemblies into their products, require the appropriate development tools for this purpose and make the necessary product and purchasing decisions.</p>	<p>Elektronik is the media brand for developers of professional electronic products, technical purchasing / sales / business development and technical support for distributors, manufacturers and specialist organizations.</p>	<p>Elektronik automotive is the perfect source of information for developers of professional electronic products, technical purchasing / sales / business development and technical support engineers at distributors, manufacturers and suppliers.</p>	<p>Elektronik medical is the media brand for designers and developers of medical devices. The brand is aimed at decision-makers in development and production as well as in the management of medical technology manufacturers.</p>
<p>Weekly publication + 4 Quarterlies + 8 Trend Guides + the official trade fair newspaper for productronica</p>	<p>14-day publication frequency + the official daily newspaper for embedded world + Elektronik interactive</p>	<p>6 issues as a supplement to Elektronik and as a stand-alone e-paper</p>	<p>5 issues as a supplement to Elektronik and as a stand-alone e-paper</p>
<p>38,875 total distributed circulation* of which extended ePaper: 20,334</p>	<p>47,520 total circulation* of which extended ePaper: 28,993</p>	<p>33,961 total paid circulation* of which extended ePaper: 15,434</p>	<p>27,834 total paid circulation* of which extended ePaper: 9,307</p>

Company portrait	4,100 €
Package (advertisement + company portrait)	6,200 €
Cover picture	7,900 €

Supplement Production & Services

Three times a year, the Production & Services special focuses on machines and systems for electronics production - from PCBs and PCB assembly to the machines required for the packaging processes of IC housings.

In particular, this also includes advanced packaging processes, in which PCB production, assembly, mounting and traditional back-end and front-end processes merge. In addition, we also deal with assembly and packaging services, from EMS to OSAT companies (Outsourced Semiconductor Assembly and Test), whose services we present.

With an advertisement in the "Production & Services" section, you can reach decision-makers in your topic-relevant environment and benefit from a broad readership.

We can optionally produce a special glossy print of your cover story for display at trade fairs for an additional charge.

7,610 € (not discountable)

Quarterly Distribution & Supply Chain

Four times a year, the Quarterly Distribution & Supply Chain deals with the multifaceted range of topics relating to electronics distribution and supply chains. The focus is not only on strategic aspects, but also on the technical expertise of the distribution industry. Interviews, opinion pieces, trend and specialist articles cover the broad spectrum of distributor expertise.

Component manufacturers who distribute via the channel and supply chain service providers who advise companies on optimizing their supply chains or provide logistics services or tools for this purpose also have their say.

Dates	Publishing date	Advertising deadline	Material deadline

Readers' test

5 stars for your product

Readers' test offers you the perfect content marketing tool to reach your target group interactively and subsequently convince new customers, with a credible seal of approval. An independent jury from our readership evaluates your product, while the editorial team provides editorial support for the readers' test on all channels.

Print media service

- Editorial test call
- Editorial interim report
- Editorial final report & award of the test seal
- High-gloss print document with your readers' test (1,000 copies)

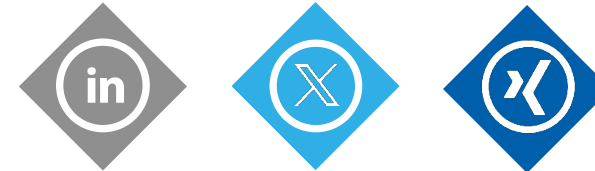

READER'S
Proofed Products
2025 ★★★★★

Digital media service

- Test call and final report also on the website
- Test call and final report on the magazine's respective social media channels
- Application and reports via the newsletter

Use the credible test seal for all your market communication!

€ 24,900 € (not discountable)

CREATIVE SOLUTIONS

Our in-house agency for impact and results

Use CREATIVE SOLUTIONS, our in-house agency, for customized marketing solutions and innovative, cross-media content marketing campaigns. As a full-service provider, we take care of the entire project: from the initial idea to planning and implementation.

We rely on the concentrated expertise of our specialists and experts and combine their skills to create a holistic campaign idea tailored to your individual needs and objectives.

Content Marketing

Get in touch with your target group in terms of content, inform them about your company, convince them with neutral, customized editorial content and thus build trust.

Corporate Publishing

Strengthen your brand identity and gain the trust of your target group by sharing high-quality, informative content.

Social Media

With a cross-brand concept, you can reach your customers via our social media channels and can network productively with your target group.

Video and audio production

Communicate in multimedia and use our experienced video team for your film and audio productions of any kind.

B2B Event Marketing

Intensify personal relationships with business partners and customers. Whether in-house exhibitions, round tables, partner events or press conferences - we organize your tailor-made event.

Crossmedia

Draw attention to yourself and benefit from comprehensive media planning. Place your message in our target group-oriented specialist media and generate awareness, traffic and leads.

Technical data

Technical specifications / processing

Printing methods and processing	
Cover	Sheetfed offset
Contents	Web offset
Paper	Improved newsprint
Further processing	Saddle stitching
	Trimmed format: 210 x 297 mm (Markt&Technik: 230 x 297 mm) 5 mm bleed on all sides

Bound inserts	
Scope	4 pages (more pages on request)
Minimum format	105 mm width x 148 mm height
Maximum format	Format of the carrier product
Trimmed pages	must have a bleed of 5 mm
Minimum weight	for 4-sided products 100 g / sqm
Placement	between the different parts of the arch

Bound inserts must be delivered folded and in untrimmed format and must be suitable for machine processing.

Loose inserts / bound inserts / stickers / CDs

Supplements	
Minimum format	105 mm width x 148 mm height
Maximum format	each 10 mm smaller in height and width than the carrier product
Minimum weight	150 gsm for single sheet
Maximum weight	on request
Positioning	best possible

Inserts must be delivered trimmed and folded as finished end products and be suitable for machine processing.

Booking options: Print run or partial run according to zip code or Nielsen area.

Sticker	
	Folded products must be closed towards the waistband and suitable for machine processing. Positioning and formats on request. Placement options: Print run and partial run of stickers according to zip code or Nielsen areas.

File name

File names must be assigned according to the following pattern:

customer_mut_issue for ads for Markt&Technik

customer_ek_issue for ads for Elektronik

customer_em_issue for ads for Elektronik medical

customer_ek-auto_issue for ads for Elektronik automotive

Example: Mustermann_mut_1_25

Proof: are in 4 color mode based on the standard

Content: "PSO_INP_Paper_eci.icc (Fogra 48L)"

Cover: "Fogra 51 PS0coated v3" for offset printing.

The corresponding profiles are available for download at www.eci.org.

Minor tonal value deviations are due to the tolerance range of web offset printing.

Black solid areas should be underlaid with a 40% screen in cyan. FTP access: on request

Technical specifications

Position all image elements (e.g. logos, QR codes) 5 mm from the outer edge. Files in PDF format according to the standard PDF/X-3. Obtain exact reproduction and proofing instructions: You can find them in the advertising scheduling of the respective magazine.
